Thats a fence not a wall, which was the entire point behind Build the Wall, because fences are not walls. How idiotic can one be.

No no, the wall being faught for is being errected. And has been.

They have tunnels to get in/out, I'm sure those will be protected. It's public info tho, I think you can search for the system to locate the entrances/exits.

Yes we can. That isn't a force field. Those are tax payer buildings. Just mow that fence right on down. It is a mental barrier, that is all. NON COMPLIANCE.

Cordless angle grinder would make short work of that fence. Wire cutters would also work, but not as quickly.

Just let you know the public has not been able to get in these buildings for quite a while. Since 911 many of them required scheduled tours. And now with Covid hoax I don't think you can go in to any of them if you are public

Interesting how he hasn't made any attempt whatsoever to calm people down or told them not to bring guns.

If Trump doesn't know exactly what's happening in the base, things are far far worse than any of us dreamed.

He knows exactly what we are planning and hasn't said a word.
